**Attachments:** SKM\_654e18041608310.pdf

FYI – Just yesterday, WPD got an early draft of WVDEP’s draft permit for Chemours. It claims they are basing their discharge values for GenX on North Carolina’s drinking water goal of 140 ppt, so their values are much less than their consent order issued in 2012. This will be public noticed soon.

I shared this with my level contacts in Region 4.

Hi All,

I’m forwarding you the long-awaited Washington Works draft permit that I just received from WVDEP. I will need Joel and/or Mark’s assistance with the 316b requirements. It is a 243 page PDF but it looks like they included a lot of DMR pages.

**316b intake requirements** start on **page 86** of the PDF  
**316b compliance schedule** starts on **page 73** of the PDF  
The **Fact Sheet** starts on **page 170** of the PDF

Carissa
